Attila Martin Kocsis

ESN IT COMMITTEE - APP DEVELOPMENT & AI

I want to help build tools people genuinely enjoy using - from ESN apps to AI that makes information easier to find.

builderstar.cube@gmail.com | +36 20 920 7712 | github.com/Builderstar | wagner-martin.co.uk

PROFILE

I study Computer Science, but I learn best by building, testing and explaining things with other people. International robotics, AI research and student support have given me that experience.

LANGUAGES

- **Hungarian** — Native
- **English** — C1 - IELTS Academic 7.5
- **Italian** — Learner (4 yrs school)

EDUCATION

University of Plymouth
BSc (Hons) Computer Science - online studies

Eötvös Loránd University (ELTE)
Faculty of Social Sciences - Business Communication & Marketing

APPLICATION FOCUS

I would like to work on ESN apps and AI tools that help volunteers find information quickly and use it with confidence.

CORE STRENGTHS

- Hands-on problem solving
- Multimodal AI systems
- App development
- Explaining things clearly
- Documentation
- International teamwork

TECHNICAL TEAMWORK & PROBLEM-SOLVING

2023 — 2nd place / 190+ countries

FIRST Global Challenge

TECHNICAL MENTOR

- Mentored a national robotics team in a multilingual competition and broke down complex concepts.
- Helped turn research and new ideas into project decisions the team could use.

2024-25 — student support

University of Plymouth

STUDENT AMBASSADOR

- Helped students make sense of university information and processes in everyday conversations.
- Learned to adapt an explanation to the person and question in front of me.

2022 — 3rd place / 190+ countries

FIRST Global Challenge

ROBOT DESIGNER

- Designed and built a competition robot, then adapted ideas from international peers into practical changes.

AI & TECHNICAL CONTEXT

LLM RESEARCH

Co-author of an under-review manuscript on LLM-to-LLM communication, exploring collaborative AI systems and accessible technical communication.

HOW I WOULD CONTRIBUTE

- **AI curiosity**
- **App development**
- **Clear guidance**
- **International teamwork**
